

# Inequalities: a longitudinal perspective

1-2 November 2017

British Library Conference Centre, London, NW1 2DB

*Please note this is the draft programme and may be subject to change*

## Wednesday 1 November 2017

- |             |  |
|-------------|--|
| 9:00-9:30   | Registration and refreshments  |
| 9:30-9:40   | Welcome<br><i>Allan Sudlow, British Library</i>  |
| 9:40-10:10  | Understanding inequality: resources for research<br><i>Alison Park, CLOSER Director</i>    |
| 10:10-11:10 | Keynote presentation<br><i>The Rt. Hon. the Lord David Willetts, Resolution Foundation</i> |
| 11:10-11:30 | Tea/coffee break   |

11:30-12:50 Breakout sessions

	<b>Health 1: Socioeconomic influences on health</b>	<b>Education 1</b>	<b>Mental health and wellbeing 1: Over the lifecourse</b>	<b>Ageing</b>
11:30-11:50	Does lack of adherence to spectacle wear impact on developing literacy in young children?	Changing Inequalities in Teenage Vocabulary: A comparison of cohorts born in 1970 and 2000	Childhood correlates of mental wellbeing in adulthood: prospective evidence from three British birth cohorts	Beyond "Social Syndrome": An interplay among education, social class and wealth, predicting dementia risk in the English Longitudinal Study of Ageing
<b>Speaker:</b>	<b>Alison Bruce</b>	<b>Alice Sullivan</b>	<b>Mai Stafford</b>	<b>Dorina Cadar</b>
11:50-12:10	Changes over time in the associations between early-onset myopia and key early life factors	Is student academic self-concept associated with GCSE outcomes?	A structural equation modelling approach to understanding childhood influences on happiness, cognitive functioning and well-being in early old age	Retirement and Health: Evidence from England
<b>Speaker:</b>	<b>Vasiliki Bountziouka</b>	<b>Morag Henderson</b>	<b>Brian Dodgeon</b>	<b>Liam Rose</b>
12:10-12:30	Social influences on health-related behaviour clustering during mid-adulthood in two British birth cohort studies.	A narrative case study inquiry in to the experiences and academic trajectories, of the BTEC level II Media learner, within the broader contexts of policy cascade in further education.	Symptoms of mental health problems in childhood and educational achievement in adolescence and adulthood: evidence from the British 1970 birth cohort	Job loss and Aging in the Philippines
<b>Speaker:</b>	<b>Claire Mawditt</b>	<b>Jo Shah</b>	<b>Darya Gaysina</b>	<b>Mae Abigail Oberos</b>
12:30-12:50		Examining the genetic influences on educational attainment and the validity of value-added measures of progress in educational research	Trajectories of Depressive Symptoms from Childhood to Young Adulthood: Evidence of Gender Differences from the Avon Longitudinal Study of Parents and Children (ALSPAC)	Supporting ageing parents and changes in quality of life in Sweden and Denmark
<b>Speaker:</b>		<b>Tim Morris</b>	<b>Alex Kwong</b>	<b>Thijs Van Den Broek</b>

Wednesday 1 November 2017

12:50-13:15 Lunch and networking

13:15-14:35 Breakout sessions

	<b>Health 2: Ageing</b>	<b>Neighbourhood 1: Neighbourhood and mental health</b>	<b>Economic 1: Labour market</b>	<b>Childhood adversity</b>
13:15-13:35	Education and mortality in three Eastern European populations: findings from the PrivMort retrospective cohort study	Does your childhood neighbourhood have a bearing on self-rated health in later life?	Turbulent transitions and labour market outcomes in Canada	Long term economic impact associated with childhood bullying victimisation
<b>Speaker:</b>	<b>Katarzyna Doniec</b>	<b>Stephen Jivraj</b>	<b>Michael Smith</b>	<b>Nicola Brimblecombe</b>
13:35-13:55	Repeatedly measured material and behavioral factors change the explanation of socioeconomic inequalities in all-cause mortality: the GLOBE study	A longitudinal study of neighbourhood effects on trajectories of depressive symptoms using data from the Avon Longitudinal Study of Parents and Children (ALSPAC)	Forecasting Life Cycle Outcomes using Childhood Skills	Longitudinal, cross-national comparisons of the long-term trajectories of care leavers
<b>Speaker:</b>	<b>Joost Oude Groeniger</b>	<b>Alex Kwong</b>	<b>Chase Corbin</b>	<b>Claire Cameron</b>
13:55-14:15	Examining the relationship between lifetime socioeconomic position and vascular ageing in the 1946 British birth cohort study	"Does my neighbourhood make me ill?" Exposure to small-area disadvantage and health trajectories over time	Onwards and Upwards? The Role of Internal Migration in the UK for Graduates' Social Mobility in the Context of Different Career Paradigms	Associations between child maltreatment and adult physical functioning in a prospective British birth cohort
<b>Speaker:</b>	<b>Anitha George</b>	<b>Lucy Prior</b>	<b>Bozena Wielgoszewska</b>	<b>Snehal Pinto Pereira</b>
14:15-14:35	Inequalities in time from stopping work to death: the ONS Longitudinal Study	Testing for critical periods and accumulation of neighbourhood effects across the life course	Social inequality in the creative economy: Evidence from longitudinal studies	Psychosocial adversity and socioeconomic position during childhood and epigenetic age: analysis of two prospective cohort studies
<b>Speaker:</b>	<b>Emily Murray</b>	<b>Stephen Jivraj</b>	<b>Orian Brook</b>	<b>Rebecca Lawn</b>

Wednesday 1 November 2017

14:35-15:00 Tea/coffee break

15:00-16:20 Breakout sessions

	<b>Health 3: Health behaviour</b>	<b>Neighbourhood 2</b>	<b>Social 1</b>
15:00-15:20	Stability and change in leisure time physical inactivity in mid-adulthood and corresponding changes in health and social factors in a prospective British birth cohort study	The role of the neighbourhood on young people happiness, self-perception and social interactions.	Different degrees of career success: social origin and graduates' labour market trajectories
<b>Speaker:</b>	<b>Snehal Pinto Pereira</b>	<b>Franco Bonomi Bezzo</b>	<b>Bozena Wielgoszewska</b>
15:20-15:40	Physical activity in adolescence and health in mid-life: Evidence from the 1958 and 1970 British birth cohorts	Diversity and Neighbourhood Satisfaction	Structure or family? A comparison of the educational systems of England and Germany and their impact on qualification and employment in adulthood.
<b>Speaker:</b>	<b>David Bann</b>	<b>Monica Langella</b>	<b>Marie Wohlbrandt</b>
15:40-16:00	Ethnic differences in exercise on referral programme efficacy and completion rates	Outdoor air pollution and emotional and behavioural problems in early childhood	Origins, Education and Destinations in the 1970 British Cohort Study
<b>Speaker:</b>	<b>Jacqueline Francis</b>	<b>Emily Midouhas</b>	<b>Alice Sullivan</b>
16:00-16:20		Promoting mental well being in the ageing urban population: determinants, interventions and policies in European cities (MINDMAP)	Do school accountability practices increase inequality of educational opportunity? Panel estimates from PISA.
<b>Speaker:</b>		<b>Frank Van Lenthe</b>	<b>Rodrigo Torres</b>

16:20-18:00 Wine reception

## Thursday 2 November 2017

9:00-9:30 Registration and refreshments

9:30-10:50 Breakout sessions

	<b>Health 4: Maternity and breastfeeding</b>	<b>Education 2</b>	<b>Mental health and wellbeing 2: During childhood</b>	<b>Economic 2: Income and wealth</b>
9:30-9:50	Socioeconomic inequality in postnatal depression: a potential early-life root of disadvantage	Maternal and paternal involvement in educational activities and early child development	Ethnic variations in mental health among British youths 10-15 years old living in England & Wales: Neighbourhood composition and parental behaviour	What does a qualitative longitudinal study of childhood poverty tell us about poor children's access to money and material possessions
<b>Speaker:</b>	<b>Jemimah Ride</b>	<b>Isabelle Fischer</b>	<b>Kenisha Russell Jonsson</b>	<b>Larissa Pople</b>
9:50-10:10	Preconceptional maternal anxiety is associated with childhood emotional problems, independent of the effect of post-natal depression	"Universal" early education and care: who benefits for longest? Tracking take-up through the National Pupil Database	The effects of parental dissolution on children's mental health: how does timing matter?	Parental wealth and children's outcomes
<b>Speaker:</b>	<b>Hazel Inskipp</b>	<b>Tammy Campbell</b>	<b>Aase Villadsen</b>	<b>Vanessa Moulton</b>
10:10-10:30	Pre-pregnancy Body Mass Index and breastfeeding initiation, early cessation, and longevity: Evidence from the Millennium Cohort Study	Do early life "non-cognitive skills" matter? A systematic review of early life effects on academic achievement, psychosocial, language and cognitive, and health outcomes	Primary school context and longitudinal pathways from early life events to teen risk behaviour and depressive symptoms: analysis using the Avon Longitudinal Study of Parents and Children	Low income dynamics among ethnic minorities in GB
<b>Speaker:</b>	<b>Tammy Campbell</b>	<b>Neil Davies</b>	<b>Alison Parkes</b>	<b>Ricky Kanabar</b>
10:30-10:50	Local environmental quality positively predicts breastfeeding in the UK's Millennium Cohort Study	How can genetics explain the relationships between educational attainment, cognitive ability and socioeconomic position?	Inequalities in child and adolescent mental ill-health and wellbeing: Millennium Cohort Study	N/A
<b>Speaker:</b>	<b>Laura Streeter</b>	<b>Tim Morris</b>	<b>Praveetha Patalay</b>	<b>N/A</b>

10:50-11:10 Tea/coffee break

11:10-12:30 Breakout sessions

	<b>Health 5: BMI</b>	<b>ONS Longitudinal Study Symposium</b>	<b>Parenthood</b>	<b>Social 2</b>
11:10-11:30	The Role of Family structure in predicting overweight and obesity outcomes in children	A Longitudinal Investigation of the Religious Dimension to Unemployment Dynamics in Northern Ireland	Inequalities in Political Interest: The Impact of Parenthood	Intergenerational transmission of family disadvantage: examining constellations of risk factors
<b>Speaker:</b>	<b>Ben-Lawrence A. Kemah</b>	<b>Neil Rowland</b>	<b>Susan Banducci</b>	<b>Gabriella Melis</b>
11:30-11:50	Socioeconomic inequalities in body mass index, weight, and height: coordinated analyses from four British birth cohort studies initiated in 1946, 1958, 1970, and 2000/1	Understanding the impact of fertility history on health outcomes in later life	Who pays the price for their partner's career?	Lifetime poverty and attitudes to retirement among a cohort born in 1958
<b>Speaker:</b>	<b>David Bann</b>	<b>Lee Williamson</b>	<b>Laura Langner</b>	<b>Alissa Goodman</b>
11:50-12:10	The impact of maternal employment on children's weight	Exploring the economic outcomes of young people Not in Education, Employment or Training (NEET) in England and Wales using the Longitudinal Study	Returns home by children and changes in parents' wellbeing in Europe	Overcrowding and health: Is 'all's well that ends well'?
<b>Speaker:</b>	<b>Emla Fitzsimons</b>	<b>Wei Xun</b>	<b>Marco Tosi</b>	<b>Noriko Cable</b>
12:10-12:30	N/A	The association between health and degree subject area - research using the ONS Longitudinal Study	N/A	Young Lives: Tracing the consequences of poverty for children. Evidence from Ethiopia, India, Peru and Vietnam
<b>Speaker:</b>	<b>N/A</b>	<b>Nicola Shelton</b>	<b>N/A</b>	<b>Paul Dornan</b>

12:30-13:30 Lunch and networking

Thursday 2 November 2017

- 13:30-13:40 Keynote introduction  
*Alison Park, CLOSER Director*
- 13:40-14:40 Keynote presentation  
*Professor Kate Pickett, University of York*
- 14:40-15:00 Tea/coffee break
- 15:00-16:20 Breakout sessions

	<b>Health 6: Health and employment/ unemployment/ income</b>	<b>Childhood behaviour</b>	<b>Mental health and wellbeing 3: Wellbeing</b>
15:00-15:20	Is any job better than no job? Re-employment, job quality, health and allostatic load biomarkers: Prospective evidence from the UK Household Longitudinal Study	What helps prevent at-risk children developing antisocial and criminal behaviour? Using ALSPAC to investigate long-term outcomes associated with factors identified as protective in a longitudinal qualitative study.	Do the Millennial generation enjoy lower wellbeing than previous cohorts of young adults? Evidence from the British Household Panel Survey
<b>Speaker:</b>	<b>Tarani Chandola</b>	<b>Madeleine Stevens</b>	<b>David Kingman</b>
15:20-15:40	Health and Employment Inequalities amongst the Migrant Population in the UK: A Latent Growth Curve Analysis	Mechanisms linking family SES and child antisocial behaviour: A systematic review of longitudinal studies	The Effect of Sexual Orientation on Subjective Well-being
<b>Speaker:</b>	<b>Elenora Iob</b>	<b>Nora McIntyre</b>	<b>Samuel Mann</b>
15:40-16:00	Does the predictive power of the contested social mobility model on CVD risk extend to low income countries?	Internalising and externalising behaviour profiles across childhood: The consequences of changes in the family environment	Trajectories of life, job and partnership satisfaction in the 1958 and 1970 British cohorts studies
<b>Speaker:</b>	<b>Katie Hyde</b>	<b>Afshin Zilanawala</b>	<b>Martina Narayanan</b>
16:00-16:20	Income-related inequity in access to health care in China: evidence from a longitudinal household survey from 2000 to 2006	N/A	How are millennials faring? Initial findings from Next Steps
<b>Speaker:</b>	<b>Miaoqing Yang</b>	<b>N/A</b>	<b>Morag Henderson</b>

16:20 Conference end
