

Bridging Research and Policy: Unleashing the potential of longitudinal research for societal impact

Wednesday 18 September 2024

- 09:30** Arrivals and registration (*Main foyer*)
- 10:00** Opening remarks and keynote (*Main hall*)
Prof Jennifer Symonds and Grant Hill-Cawthorne
- 10:50** Break (*Main foyer*)
- 11:00** Training workshops

Mobilising your research in the policy landscape	Infotopia: how to create impactful infographics	How to write a successful funding application	Maximise your research potential: a beginner's guide to metadata
Lead: Rob Davies (CLOSER)	Lead: Laura Evans (Nifty Fox)	Lead: Prof Jennifer Symonds (CLOSER)	Lead: Jon Johnson (CLOSER)
Room: Main hall (Ground floor)	Room: Bloomsbury and Foster (Ground floor)	Room: Tavistock (Basement floor)	Room: Brunswick (Mezzanine floor)

- 11:55** Break (*Main foyer*)
- 12:15** Training workshops continue

Mobilising your research in the policy landscape	Infotopia: how to create impactful infographics	How to write a successful funding application	Maximise your research potential: a beginner's guide to metadata
Room: Main hall (Ground floor)	Room: Bloomsbury and Foster (Ground floor)	Room: Tavistock (Basement floor)	Room: Brunswick (Mezzanine floor)

- 13:10** Lunch and networking (*Main foyer*)
- 14:25** Research showcase session #1

PROGRAMME

1A Child development

Chair: Yvonne Kelly, University College London

Room: Bloomsbury and Foster (Ground floor)

Is the association between infant regulatory problems and trajectories of childhood internalizing and externalizing symptoms moderated by early screen media exposure?

Ayten Bilgin, University of Essex
-

Mental health trajectories across the primary to secondary school transition

Caitlyn Donaldson, Cardiff University
-

Exploring emerging mental health problems in children and adolescents using longitudinal data

George Hales, University of Leicester
-

Nobody puts BaBi in a corner: Paving the way for linked data research to inform decision-making

Hollie Henderson, Bradford Institute of Research
-

Investigating the association between attention-deficit/hyperactivity disorder (ADHD) symptoms and physical activity across developmental stages among girls and boys

Amandine Senequier, Queen Mary University of London
-

Bidirectional associations between physical punishment and

1B Mental health

Chair: Paola Zaninotto, University College London

Room: Tavistock (Basement level)

Longitudinal associations between cultural engagement and loneliness and mental well-being in older adults: are the benefits the same for everyone?

Saoirse Finn, University College London
-

Understanding parent's psychosocial functioning as a result from the COVID-19 pandemic: A longitudinal 20 month follow up study

Kathryn Fradley, Edge Hill University
-

Sex-specific trajectories of mental health outcomes in autism

Laura Hull, University of Bristol
-

Unlocking the Hidden Inequalities in Wellbeing Among Young Carers

Alejandra Letelier, St George's University of London
-

Racism and mental health and wellbeing among the youth in England: A cross-sectional analysis from the Next Steps Longitudinal Study

Hatem Mona, Swansea University
-

1C Socioeconomic inequalities

Chair: Golo Henseke, University College London

Room: Main hall (Ground floor)

Not in employment, education, or training: risk factors among young people

Gianfranco Addario, National Centre for Social Research
-

Early childhood inequalities: stability and change from 2004 to 2014

Charlotte Booth, University College London
-

Understanding and mitigating associations between childhood neighbourhood deprivation and adolescent mental health in two UK birth cohorts

Rachel Latham, King's College London
-

Childhood Socioeconomic Position and Adolescent Outcomes: Inter-generational Comparisons Using Data from Three British Birth Cohort Studies

Caitlyn Rawers, Ulster University
-

Assessing the Impact of a Conditional Cash Transfer and Social Support Program on Formal Labour Market Participation: Evidence from Chile

Natalia Valdes, University College London
-

PROGRAMME

<p>child internalising, externalising, and prosocial behaviours in the UK Maria Sifaki, University College London</p>	<p>The impact of different types of social media use on adult mental health Ruth Plackett, University College London</p> <p>-</p> <p>Prevalence and persistence of loneliness among minority ethnic and LGB populations in the UK Isla Rippon, Brunel University London</p>	<p>The effect of childhood family endowment on health inequality of middle-aged and elderly adults in China Zongpu Yue, University College London</p>
--	---	--

15:25 **Break** (*Main foyer*)

15:45 **Research showcase session #2**

2A Health inequalities	2B Trauma and adversity	2C Labour market
<p>Chair: Tiffany Yang, Bradford Institute for Research</p>	<p>Chair: Sarah Sullivan, University of Bristol</p>	<p>Chair: Raj Patel, University of Essex</p>
<p>Room: Main hall (Ground floor)</p>	<p>Room: Bloomsbury and Foster (Ground level)</p>	<p>Room: Tavistock (Basement floor)</p>
<p>Health inequalities in midlife in the UK and USA: comparison of two nationally representative cohorts Charis Bridger Staatz, University College London</p> <p>-</p> <p>Estimating the Economic Burden of Heat Stress on Health Systems through the Lens of Hospital Admissions in Brazil Huiqi Chen, London School of Hygiene and Tropical Medicine</p> <p>-</p> <p>Intergenerational transmission of health in the UK Nancy Daza Baez, University College London</p> <p>-</p>	<p>Testing whether multi-level factors protect poly-victimised children against early adult psychopathology: A longitudinal cohort study Flora Blangis, King's College London</p> <p>-</p> <p>Researching the journey from childhood autistic traits to PTSD - implications for policy Alice Quinton, King's College London</p> <p>-</p> <p>Childhood trauma as a mediator between autistic traits and depression: evidence from the ALSPAC birth cohort</p>	<p>The impact of loneliness on employment outcomes: evidence from a nationally representative longitudinal study of young adults Bridget Bryan, King's College London</p> <p>-</p> <p>The scarring effect of graduate underemployment: evidence from the UK Kalyan Kumar Kameshwara, University of Westminster</p> <p>-</p> <p>Evaluating the Mental Health Effects of the 20£ Uplift among UK Benefit Claimants during Covid-19 Marina Kousta, King's College London</p> <p>-</p>

PROGRAMME

Impact of Direct Payments on Care Outcomes among Older People in England

Jinbao Zhang, University of Kent

-

How do means test thresholds for publicly funded social care services impact the utilisation of formal and informal care among older people in England?

Jingwen Zhang, University of Sheffield

Jack Underwood, Cardiff University

-

Maternal expressed emotion and adolescent mental health: Using longitudinal monozygotic twin-difference analyses to approach causal inference

Alice Wickersham and Zoë Firth, King's College London

-

Brexit Ripple Effect: Shifting perspectives on climate change in Europe

Alessia Casamassima, European University Institute

Disadvantaging single parents? Effects of long family leaves on single and partnered mothers' labour market outcomes in Finland

Kathrin Morosow, University of Manchester

-

The new geography of remote workers: Evidence from linked employer-employee data

Davide Rigo, London School of Economics

-

Does the UK furlough scheme mitigate psychological distress during the pandemic?

Enza Simeone, University of Turin

16:45 **Closing remarks** (*Main foyer*)
Prof Jennifer Symonds and Rob Davies

17:00 **Conference ends**
